BRINTON QUILTS AS HEAD GRAND DETOUR PLOW CO.

Announces Intention to Retire from Office on June 30.

Col. W. B. Brinton, president of the Grand Detour Plow company of this city, in an interview with the Telegraph today, announced that he intends to retire as active directing head of the big plow manufacturing plant. Col. Brinton will resign his position as president about June 30, and the entire management of the business will be turned over to Bradford Brinton and Alfred Leland.

manufacturing line, with all the responsibilities, for more than a quarter of a century. He feels that the time has come when he has earned the right to "take it easy," and in the future he will spend from four to six months a year in a warmer climate, and, to use his own words, he will "spend most of the summer fishing in Rock river." The well known Dixon man, and former mayor, will continue his residence in this city.

There has been much gossip about the streets concerning changes and developments at the Grand Detour Plow company, but Col. Brinton stated today that the foregoing story is the only change that has been decided upon.

ARRANGE FOR ANNUAL PIG CLUB CONTESTS

A meeting of the committee in charge of the Lee County Boys' and Girls' Pig club, is being held at the Union State bank today, with Farm Advisor L. S. Griffith, of Amboy, in attendance. The meeting has been called for the purpose of making plans for the year's work. It is expected that no less than 200 boys and girls throughout the county will become interested in this movement this season.

The price of the pigs sold to the applicants, will doubtless be some higher than last year on account of the market price at this time. The applicants will be granted the privilege of choosing the breed of pig in which they are most interested, those being chiefly of the Poland China, Duroc Jersey and Chester White types. Announcement for the entry date will be made through the papers and those anticipating entering the club this season are asked to watch for this notice. Letters will be mailed to the members of the Pig club last season as soon as the date for entries is decided upon.

Shipbuilding Shows Substantial Gains

By Associated Press Leased Wire
Washington, April 8.—American shipbuilding has recovered largely from the temporary decline caused by the armistice in November.

In the first quarter of this year, it was announced today, the bureau of navigation officially numbered 136 steel sea-going vessels of 580, 48 gross tons and 167 wooden ships of 227,440 gross tons, making a total sea-going tonnage for three months of 808,088 gross tons, or at the rate of more than 3,000,000 tons a year. The non sea-going vessels numbered 210 with a tonnage of 27,683.

FIXING RIVER ROAD.

Highway Commissioner James Penney is progressing rapidly with the work of rebuilding the River road. The highway has been scarified for a considerable distance east of town and is about ready in some places for the top dressing. This work will continue until the road from Dixon to the Grand Detour bridge has been reconstructed, which, when completed, will make it one of the best roads in the county.

F. W. WOOLWORTH, FIVE-TEN CENT STORE MAN, DIES

Creator of New Plan of Merchandising Had 860 Stores.

By Associated Press Leased Wire
New York, April 8.—Frank W. Woolworth, who started a five and ten cent store at Utica, N. Y., 40 years ago on a capital of \$50, and eventually became the millionaire proprietor of a great chain of these stores in the United States, Canada and England, died suddenly early today at his home at Glen Cove, Long Island. In addition to establishing a business with profits said to be nearly \$8,000,000 yearly Mr. Woolworth built the celebrated 51-story Woolworth building in lower New York said to be the tallest building in the world.

He was born on a farm at Redman, Jefferson county, New York, on April 13, 1852. Until he was 21 years of age, he worked on his father's farm, obtaining a meagre education in the district school and later at a business college, with his first position as errand boy in a dry goods store and gradually advanced until he became a clerk and salesman during which time he married on a salary of \$8.50 per week. He worked six years in the dry goods business (Continued on Page Six.)

ASSEMBLY ASKED FOR PROTEST ON DAYLIGHT SAVING

Farmers Oppose Plan and Make Appeal for Relief.

By Associated Press Leased Wire
Springfield, Ill., April 8.—A protest declared to represent farmers and agricultural interests of Illinois, against the "Daylight Saving Plan," made its appearance in the house today in the form of a resolution introduced by Homer J. Tice of Greenville. On objection to immediate consideration by Representative Ralph W. Church of Chicago the resolution was referred to the house agricultural committee.

The resolution said the "new time" greatly handicapped the farmer and urged Illinois senators and congressmen to work for repeal of the federal law at the earliest possible moment.

Ask Discharge of Men.

A second resolution, introduced by Representative Tice and adopted by the house without a record vote, petitioned government demobilization officers to discharge soldiers and sailors fitted for agricultural work in order to remedy the alleged shortage of farm labor.

Speaking on the resolution Representative Lee O'Neil Browne of Ottawa, Democrat, declared soldier and sailor boys in the army and navy had "accumulated a large sized antipathy" to "going back to the soil."

The house by a vote of 122 to 6 passed the Castle bill giving men in the military service preference on city civil service lists.

Penal Appropriations.

Deficiency appropriation bills carrying \$8,460 for Joliet penitentiary and \$15,000 for the reformatory at Pontiac to cover losses by fire were finally passed by the house and now go to the governor for his signature.

Representative Rollo R. Robbins' bill validating community high school districts, in which officers have been elected, was advanced to third reading in the house after amendments offered by Representative Clarence Jones of Springfield and Representative Charles S. Stubbles of Peoria had been laid on the table. The Robbins bill was to cure a condition brought about by the decision of the supreme court which declared the community high schools law unconstitutional.

A bill introduced by Representative Wagner of Quincy would appropriate \$11,000 with which to purchase more ground for the Illinois Soldiers' and Sailors' Home at Quincy.

New Tax Bill.

Representative Young of Chicago introduced a bill fixing the tax rate in cities of 150,000 or under at \$2 on the hundred dollars of taxable valuation and \$2.35 in cities of 150,000 or over. This rate is exclusive of taxes levied for pension funds, public libraries, sanitariums, etc.

The measure went to the revenue committee.

LICENSED TO WED.

The following marriage license was issued today in the office of the county clerk:

William A. Rainwater, Kings, Ill., and Miss Elsie A. Withrow, Fairfield, Ill.

ACTION EXPECTED TODAY ON GREAT MANY QUESTIONS

Agreement is Reached on League Pact By Sub-Committee.

BULLETIN

By Associated Press Leased Wire
Paris, April 8.—The council of four met this morning at the residence of Premier Lloyd George. President Wilson was not able to attend the forenoon session, but hoped to be able to attend the meeting this afternoon at the Paris "white house."

The overnight tension in peace conference circles had not been dispelled when the council of four met today. In conference circles, however, it was felt that the session today would serve to clear the atmosphere.

The first question taken up at the forenoon session of the council at which Colonel House represented President Wilson, was that of procedure. This was considered in effort to accelerate the work of the council.

Discuss War Blame

It was planned to devote the afternoon session to the subject of responsibility for the war and to discuss a tribunal to try the former emperor, the former crown prince and others on which divided reports have been presented. It was said by American members of the peace conference that the general situation was improved somewhat today because of the agreement reached by the commission on reparations on the main features of the reparations questions, leaving only a few unessential details for adjustment.

Generally, a more hopeful tone prevailed in conference circles as the day went on. Members of the American delegations declined to give an explanation of the many rumors in circulation that the conference would complete its work shortly. One member when asked for definite information on the situation said:

"You know the George Washington has been ordered to Brest. That is a good subject for speculation."

LEAGUE DRAFT COMPLETE

By Associated Press Leased Wire
Paris, Monday, April 7.—(Delayed)—The drafting committee of the league of nations has now completed its work. The covenant, as revised, contains 27 articles. A full meeting of the league of nations committee will be held tomorrow to consider the re-draft of the covenant.

S. S. WASHINGTON WILL LEAVE FOR FRANCE APRIL 11

Ship Sailing Advanced Three Days—Wilson May Change Plan.

By Associated Press Leased Wire
New York, April 8.—The sailing date of President Wilson's steamer, the George Washington, which was advanced from April 14 to April 11, which is Friday next.

In announcing today that the presidential transport George Washington, would sail from New York for Brest, Friday, instead of next Monday, the date originally fixed for her departure, Assistant Secretary Roosevelt disclosed that the change had been made as the result of a telegram yesterday from Admiral Benson at Paris inquiring when the ship could sail.

Yesterday when word came from Paris that the president had determined there must be an end to delays at the peace conference and had ordered the transport to France, navy department officials said no new orders had been issued and that the ship was preparing to sail according to schedule on Monday, April 14. The Benson message changed this situation very quickly.

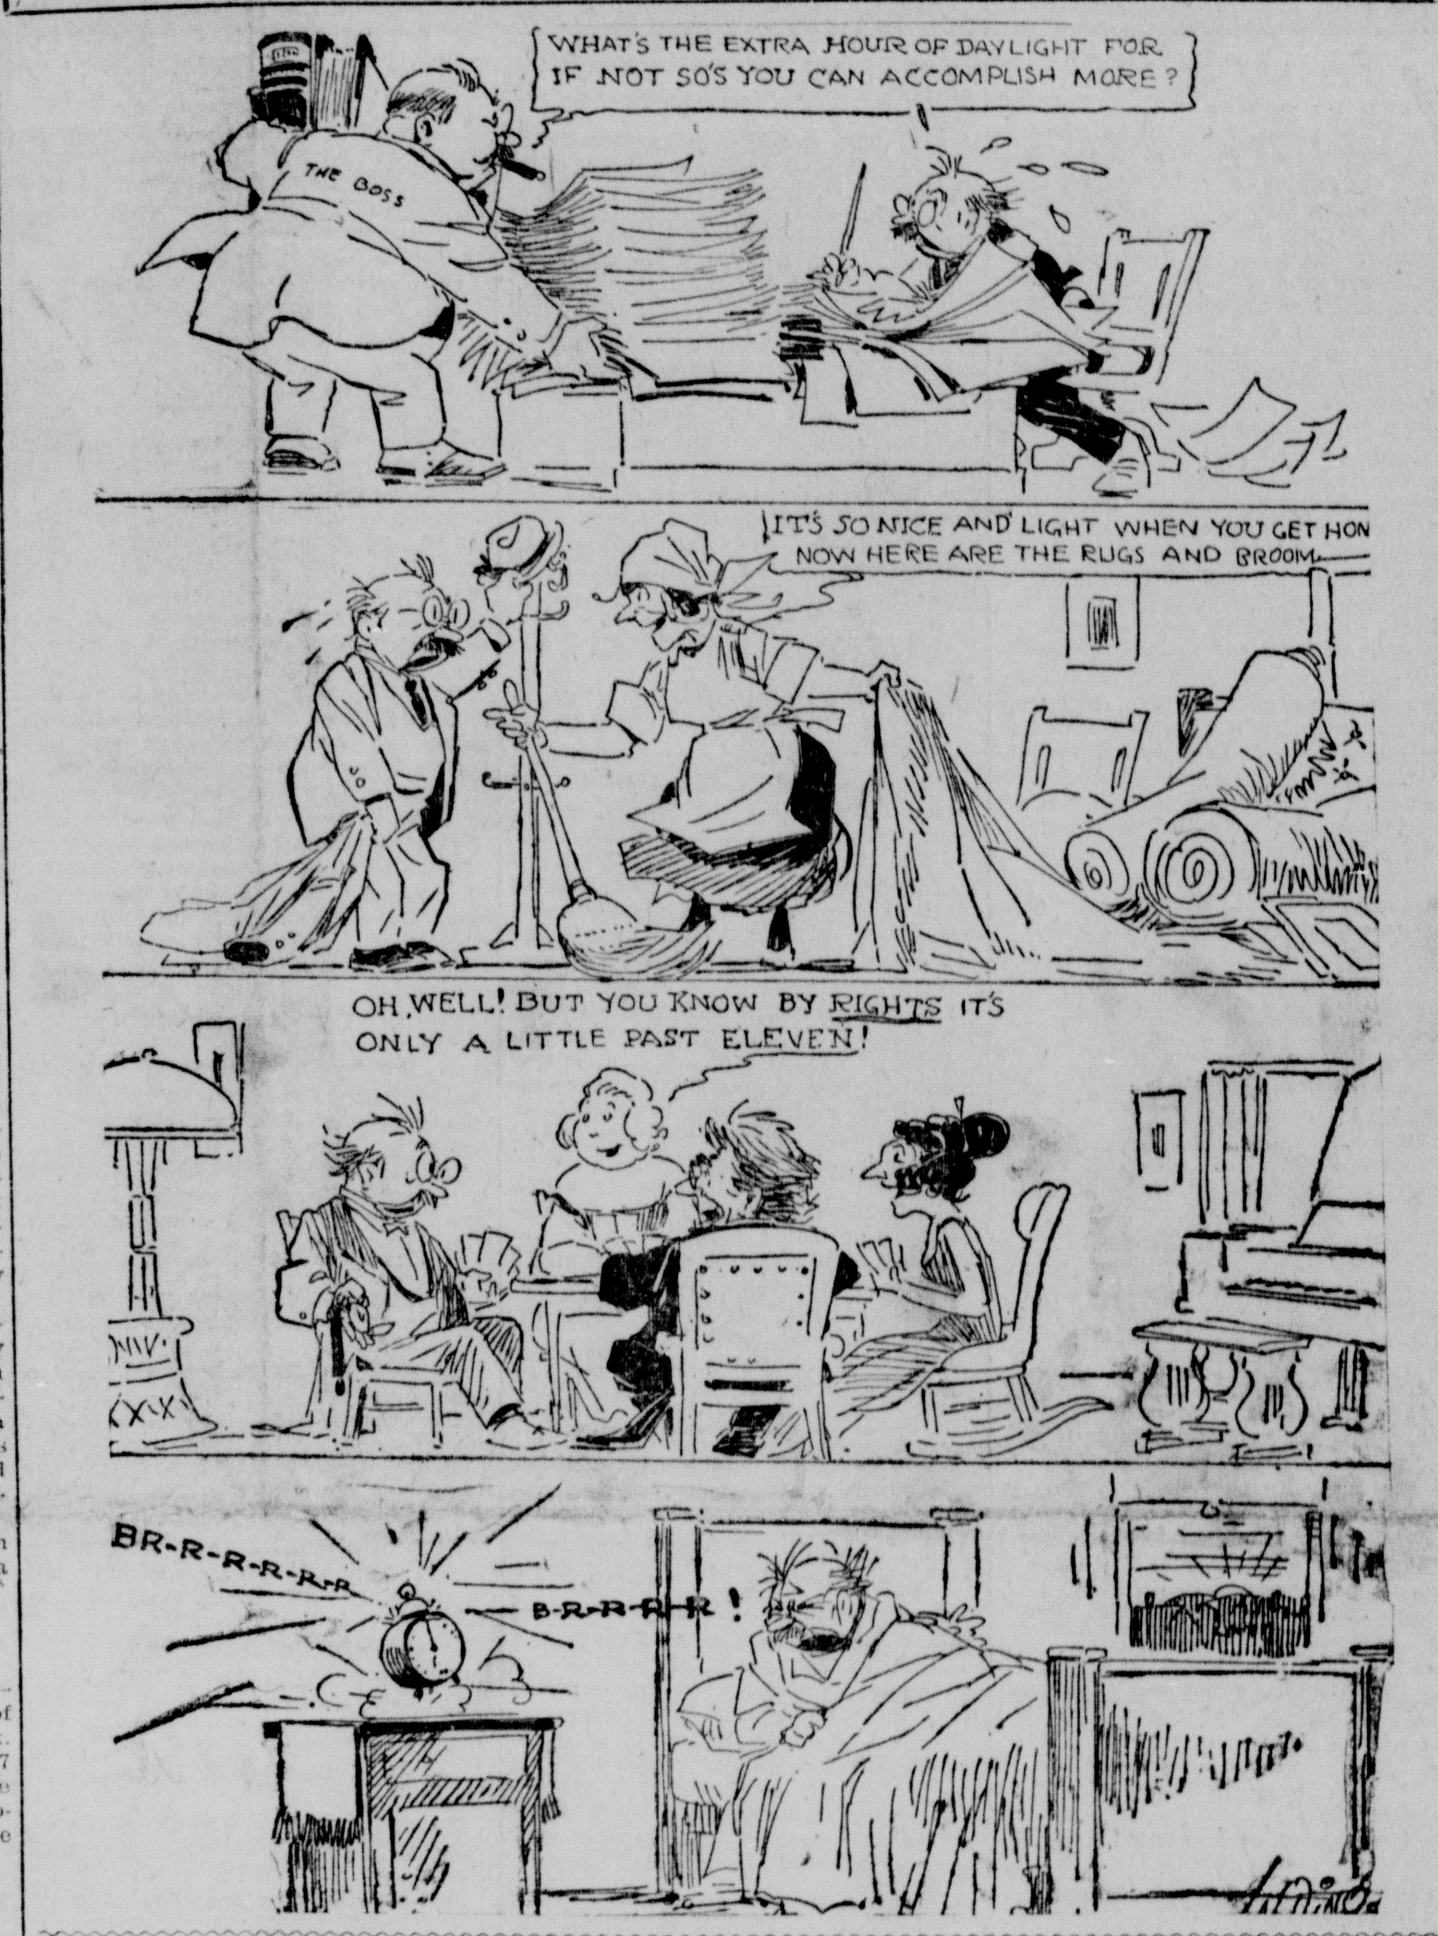

Communication with the New York navy yard where the George Washington is undergoing overhauling, brought a report that she could be made ready for sea by Friday and she was ordered out then.

May Bring Soldiers

Mr. Roosevelt said today Admiral Benson's message did not go into the purpose of the inquiry, but simply asked about the date of departure. He explained that the ship would have sailed on March 28, but that it was decided to make some repairs and that the tentative sailing date then was fixed for next Monday. The George Washington should reach Brest by April 29. Whether she will make a return trip with soldiers before the president returns home will be determined upon her arrival overseas. Mr. Roosevelt said if this voyage were made it would be May 19 or 20 before the vessel could get back to Brest.

So far as could be learned today no information has been learned at the white house or other official quarters about the situation which dispatches from France indicate had arisen there. Officials confidently declare their belief that the president has no idea of leaving Paris prematurely, and that the inquiry about the transport merely was a precaution to insure the presence of the ship when the president is ready to return home.

COMMUNITY LIFE TO BE DISCUSSED HERE THURSDAY

Important Conference Will Be Attended By Many Men.

Welfare workers from all parts of Lee county are expected to be present on Thursday at an all-day conference relative to a solution for problems of community life, which will be held at the Y. M. C. A.

Representative men from every township have been invited to take part in this important meeting. While the conference is held under the auspices of the Y. M. C. A., it is no more of a Y. M. C. A. movement than of any other organization.

The conference will open at 9:45 in the morning. J. E. Hauter, who has charge of the demobilization work in the state, will preside. Rev. C. M. Irwin of Sterling, pastor of the Presbyterian church, will speak on religious work, its problems and opportunities. Rev. Irwin has been in welfare service in the army and is qualified to speak on this subject.

In the afternoon the economic, civic and recreational side of the problems will be presented. N. G. Van Sant of Sterling, who is a banker and who also spent some months in France as a Salvation Army worker, will speak on the economic phase of the work. The civic side of the matter will be handled by several local speakers. Mr. Hauter will handle the recreational side of the work.

A supper will be served at 6 o'clock at the Y. M. C. A. to which all interested in the work are invited. At this time Mr. Van Sant will make another address and A. O. Booth, state Y. M. C. A. secretary, for northern Illinois, will sum up the results of the day's work.

These conferences are for all men interested in the betterment of community life in Lee county. They are welcome at any of the meetings and are especially invited to attend the supper. Reservations should be made by Thursday noon.

1919 WHEAT CROP WILL BE LARGEST PRODUCED IN U.S.

837,000,000 Bushels is April Forecast of Experts.

By Associated Press Leased Wire
Washington, April 8.—The largest crop of winter wheat ever grown was forecasted for this year by the department of agriculture, basing its estimate on conditions existing April 1. The enormous yield of 837,000,000 bushels was announced which, at the government's guaranteed price of \$2.26 a bushel, places the crop's value at \$1,891,629,000.

The year's winter wheat crop, if no unfavorable conditions develop between now and the time of harvesting, will be 152,000,000 bushels larger than the previous record crop produced in 1914 and 248,000,000 bushels more than was grown last year.

Production of winter wheat last year was 558,449,000 bushels and in 1917 it was 412,901,000 bushels, while the record crop of 684,990,000 bushels was produced in 1914.

The condition of the crop on April first, last year, was 78.6 per cent of a (Continued on Page Two.)

Wilson May Review Naval Fleet Later

By Associated Press Leased Wire
New York, April 8.—It is understood by the city authorities that a great naval parade, to be reviewed by President Wilson will be held before mid-summer and after the fleet now assembled in the harbor has completed maneuvers at sea. Virtually every branch of the service will be represented in the demonstration here.

MICHIGAN BEATS WET AMENDMENT BY BIG MAJORITY

Good Roads Bonds Are Approved—G. O. P. Candidates Lead.

By Associated Press Leased Wire
Detroit, Mich., April 8.—Casting the heaviest vote ever recorded at a biennial spring election, electors, on the face of incomplete returns early today, rejected yesterday a proposed amendment to modify the prohibition law, adopted a \$50,000,000 road building project and gave the Republican ticket of minor state officers an overwhelming majority. The women's vote, a factor for the first time in a state election, figured prominently in the balloting on the liquor amendment.

Returns from approximately one-fourth of the precincts in the state indicated that the total vote would exceed 700,000.

Figures compiled early today on the wine and beer amendment showed that in 553 precincts out of 2300 in the state, 138,557 votes had been recorded against and 90,833 in favor of the proposal. Wayne county (Detroit) voted wet by a large majority.

The proposal to bond the state for \$50,000,000 to be used in the construction of good roads, seemingly carried by three to one.

The proposed purchase by the city of Detroit of the local lines of the Detroit United Railway at a cost of \$31,000,000, was rejected, according to almost complete unofficial returns.

Hannibal Boy Given Congressional Medal

By Associated Press Leased Wire
Washington, April 8.—Sergeant Arthur J. Forrest, 254th Infantry, Hannibal, Mo., was awarded the congressional Medal of Honor for "conspicuous gallantry and intrepidity above and beyond the call of duty in action," it was announced today by the war department.

Near Remonville on November 1, 1913 when his company was stopped by the enemy fire, Forrest worked his way along to a point from which he was enabled to charge the enemy machine guns, driving their crews out in disorder.

Two officers and four other enlisted men were also decorated.

COMMUNIST IDEA SPREADS; MUNICH IN STATE SIEGE

Affairs in Bavaria in Hands of One Man as Dictator.

BULLETIN

By Associated Press Leased Wire
Berlin, April 8.—(via Copenhagen)—Discussions already have arisen among the founders of the soviet government in Bavaria, the Aechtblatt today says, and an intensified state of siege has been proclaimed in Munich.

The communists in the Bavarian capital have decided that they will not collaborate with the Majority Socialists. They have demanded the removal of the Majority Socialists from the new government which they wish to consist of independent Socialists and Communists.

PLAN NEW REPUBLIC
By Associated Press Leased Wire
Copenhagen, April 8.—A political movement of great importance is imminent in vicinity of Hamburg, reports from Berlin say. Doctors Herz and Haunenberg, Spartacan leaders, it is added, have almost succeeded in making themselves masters of the situation and in converting Hamburg and the region between Hamburg and Bremen into a soviet republic.

Stuttgart dispatches declare that entire quiet prevails in that city after the recent disturbance. The shops have been reopened and the gas works have resumed operations.

The government has announced, however, that the state of siege proclaimed cannot be raised, as the Spartacans are preventing the resumption of important industries.

MUEHSAM IS DICTATOR

By Associated Press Leased Wire
Copenhagen, April 7.—A Berlin dispatch says that Erich Muehsam, a prominent communist, who is included in the Bavarian Soviet government, has been given unlimited powers by the Bavarian central council, according to the Aechtblatt, and thus exercises and unrestricted dictatorship.

DEMONSTRATIONS OCCUR

Nuremberg, Monday, April 7.—(Delayed)—The proclamation of a soviet republic at Munich was announced in special editions of the newspapers today. The people received the news calmly. Enormous crowds gathered in the streets. Work is proceeding in the factories.

DOWN WITH IMPERIALISTS

By Associated Press Leased Wire
Munich, Monday, April 7.—(Delayed)—Complete severance from the old German imperialism, as declared still to be manifest in the Ebert-Scheidemann government, and the resumption of a "brotherly connection" with the Russian and Hungarian people," is announced in the proclamation of the new soviet government for Bavaria formed here. "Long live the world revolution." The proclamation which concludes the text of the document reads:

The Proclamation

"The decision arrived at by Bavaria is the formation of a council of the republic of revolutionary workers and peasants of Bavaria, including all our brothers, now united, separated by no party laws. From now on no exploitation or oppression will be tolerated. The dictatorship of the proletariat now has become a fact. The legalization of a genuine socialist community now is achieved, in which every workingman may participate in public life and in a just socialistic age."

"The landtag has been dissolved and the old ministry retired. People's commissaries, responsible to the people and chosen by a council of the working people, will receive extraordinary powers to be employed in certain labor fields. Their assistants will be intelligent men from all parts of the revolutionary and socialist community. Countless valuable forces of officialdom, especially from the lower middle official class, will be asked to co-operate in the new work. The bureaucratic system will be absolutely eliminated and the press will be socialized."

Create Red Army

"As a protection for the Bavarian council of the republic against revolutionary attacks from without and within a Red Army will be created immediately and a revolutionary court will pursue ruthlessly every attempt upon the council."

"The government of the Bavarian council republic follows the example of the Hungarian and Russian people. It will resume immediately a brotherly connection with these peoples, but it declines any connection with the contemptuous Ebert-Scheidemann government because that government is continuing under the flag of socialistic republic the imperialistic, capitalistic rule of the disgraced, broken down (Continued on page three.)"

ELECTION NEW BOARD WILL BE HELD APRIL 19

Will Be Final Step in Consolidation of School Districts.

Pursuant to the action of the trustees of the two Dixon school districts yesterday afternoon, in which they approved the action of the voters in consolidation of districts 23 and 27 into one district to be known as No. 170, School Treasurers F. D. Palmer and E. B. Raymond today certified such action to County Superintendent of Schools L. W. Miller, and the union district will become a reality with the election of a new Board of Education on Saturday, April 19.

The call for the election to choose a new board to succeed the two existing boards, was signed today by Treasurers Raymond and Palmer, and in the call it provided that the election shall be held between the hours of 2 and 7 p. m. Saturday, April 19, the polling places to be at the City Hall and Anderson's shop, the latter on Fellows street.

Those who have been primarily interested in bringing about the consolidation of the districts after several years of effort, have persuaded the following well known professional and business men to seek places on the new board of Education, the proposed board including three members from the north side of the river and four from the south side:

President, Attorney Henry S. Dixon; W. C. Durkes, Edward Valle, J. M. Batchelder, Charles H. Keyes, F. K. Tribou and A. A. Leland.

normal, while in 1917 it was 63.4 and the average of the last ten years was 52.3.

Condition Is Excellent.

There was an increase in condition from December first, last year, to April first, this year, of 1.2 points, compared with an average decline in the last ten years of 5.3 points between these dates. The forecast of production of winter wheat this year is based on the assumption of average abandonment of acreage and average influences on the crop to harvest.

The average condition of rye on April 1, was 90.6 per cent of a normal against 85.8 on April first, last year, 86.9 in 1917 and 88.6, the average condition for the last ten years on April first.

The condition of winter wheat on April 1 by important producing states follows:

Kansas 101; Nebraska 97; Oklahoma 100; Illinois 101; Missouri 103; Indiana 100; Ohio 104; Washington 97; Pennsylvania 100; Virginia 97; North Carolina 96.

Pacific Fleet Has Arrived at Gotham

By Associated Press Leased Wire
New York, April 8. — Rear Admiral William B. Caperton, commander in chief of the Pacific fleet, arrived today aboard the U. S. Cruiser Pittsburgh, his flagship, which was flying a 500 foot homeward bound pennant. 33RD DIVISION TURNS IN ARMS FOR START HOME

Prairie Division Getting Ready to Sail for United States.

A special dispatch in this morning's Chicago Tribune, from Park Browne, that paper's staff representative with the American Army of Occupation, sent from Coblenz Sunday, will be of interest to all Lee county people, for it tells of further preparations for the return of the Prairie division, of which the old Sixth Illinois is a part. The dispatch says:

The third army headquarters today ordered the Thirty-third division to begin turning in equipment of which it must rid itself before it can be pronounced ready for embarkation.

In other words, the Prairie division, as it was known when as the Illinois National guard it occupied Camp Logan, was told to get ready to go home.

It is comfortably situated now at Dieckrich and other picturesque communities across the border of Luxembourg, and the unexpected instructions to prepare to move are said to have brought loud and prolonged cheers.

No Move Into Germany.
There have been unofficial reports that the Illinois unit would advance into Germany with the withdrawal of the more forward divisions, and there was no grumbling. But present indications are the whole organization may be on the Atlantic before the first of May, and that is a thousand-fold better than either staying in Luxembourg or coming up into Deutschland.

The dates of the Prairie division's movements cannot be given with complete accuracy at this time, but they will follow the Thirty-second to Brest. The movement of the old Michigan-Wisconsin outfit has been brought forward to April 16, which means that all the Thirty-third may be at Brest on April 26 to 28.

Use Same Trains.
An announcement today discloses that the trains now bearing the Forty-second to seaboard will bring back the Sixth and return to Brest. They then must go back to Luxembourg for the Illinoisans.

Activities in Amboy

MANY FARMERS WILL PLANT SOY BEANS NOW

Reports from the office of County Soil Advisor L. S. Griffith indicate that farmers of Lee county will plant more soy beans this year than in any former season. No less than 200 bushel of seed beans have been ordered through that office for spring planting, this amount representing a sufficient quantity to plant 2,000 acres. The soy bean in this vicinity is being planted with the corn and has been very successful.

The county advisor's office has worked out a system of soy bean inoculation with soil that will be very beneficial to the crops planted this season. It is safe to say that twice as many of the soy beans will be planted this season as in any former year. The soy bean is practically a new crop in Lee county although some farmers have raised them for several years and are using them in silage.

The county office has made a careful canvass of about 40 farmers who planted soy beans a year ago and has found the results satisfactory in almost every case and the farmers anxious to improve by planting again. It is estimated that about 6,000 acres of Lee county land was used in the combination crop of soy beans and corn, both being planted at the same time. The farmers who have tried out the soy bean in this locality have found that the better crop may be obtained by planting the large beans, native of Missouri.

SERIES OF FARMERS MEETINGS ARRANGED

County Farm Advisor L. S. Griffith has arranged for a series of meetings to be held throughout the county during the early part of the month of April, starting in Sublette township on April 10 and closing in Nachusa township on April 18th. This action was outlined early last spring but war conditions prevented the meetings from being carried on successful.

It has been found that a number of members of the Lee County Soil Improvement association are interested in gathering at places in the community to talk over various questions. At the meetings, the members are asked to assemble and discuss their farming problems as well as community work. The following is the schedule for visits this month:

Sublette township, April 10.
Wyoming township, April 11.
Viola township, April 15.
Alto township, April 16.
Lee Center township, April 17.
Nachusa township, April 18.

Pana, Monday, April 7. — (Delayed.) — The recent rumor that the United States might obtain title to the islands of St. Andrews and Old Providence in the Caribbean off the Nicaraguan coast had its origin in the unofficially expressed wish of Hoffman Philip, U. S. minister at Bogota, that the islands might be leased, according to a statement made by Santiago Herras, fiscal agent of Colombia, while visiting the islands recently. He said that no such action has been taken as yet and that nothing could be done until the Colombian congress revises the constitution, which forbids the alienation of national possessions.

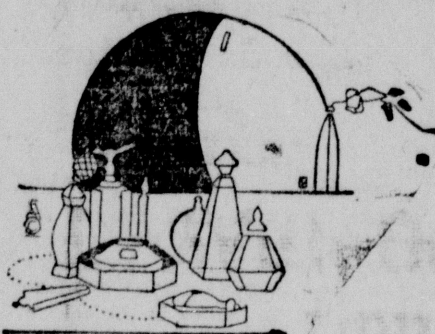

St. Andrews and Old Providence Islands lie in the Caribbean to the northeast of Colon, the Atlantic term.

COUNTY MEETING OF WOODMEN ON APRIL 17

The big meeting of the members of the Modern Woodmen of America of Lee county and vicinity, which was forecasted in The Telegraph recently, will be held at Miller's hall in this city Thursday evening, April 17th. Announcement of the date was made by the officers of Dixon Camp this morning, and they also stated that a speaker from the organization of the Hoac Camp will be present to fully explain the proposed rate increase which are to be referred to the members for adoption or rejection.

THE NEW SCHOOL BOARD.

With the consolidation of the two
Dixon school districts—one of the most
progressive moves than has been made
in Dixon in years and a move that has
been advocated through fair and stormy
weather for many years by The Tele-
graph—it is now highly essential that a
school board of the highest grade be em-
ployed by the voters to co-ordinate the
two districts into one harmonious
school unit. The strength of any gov-
ernment is in the men who administer
it and to get the full benefit of the im-
proved school system in Dixon it is ne-
cessary that men of high ability be put
at the head of it.

The position of school director is not
sought after. It is without salary or
remuneration of any nature, except the
satisfaction of work well done and the
duty to the community well performed.
It has its many troubles. The men who
consent to run for the office are to be
congratulated upon their public spirit.

Dixon business men and heavy tax-
payers, realizing the importance of hav-
ing a very strong, unbiased and busi-
nesslike board of directors at this time,
have prevailed upon a group of Dixon
men to let their names go before the
public for election to the Dixon school
board. Their names are published in
another column of this edition. They
are representative and capable and will
give Dixon the kind of a school adminis-
tration the city needs. The Telegraph
endorses this ticket and we hope that
no other candidates will attempt to de-
feat the men who have been nominated.

These candidates are not seeking of-
fice for personal glory. There is abso-
lutely no salary connected with the of-
fice. They have consented to run only
after great pressure on the part of
Dixon men and women who are interest-
ed in better schools, efficiency and
economy.

THE LABRADOR TRAGEDY.

Reports from Labrador add another
pitiful story to the long list of deaths
due to the ravages of influenza during
the past winter.

Shut off, during the winter months,
from adequate medical supplies and at-
tendance, whole villages were wiped out
by the scourge, to which were added
smallpox and measles. Practically all
of the population of Nain, Okak and He-
bron succumbed. From Grosvenor
bay to Nain it is said that hardly more
than four hundred inhabitants surviv-
ed.

The coast of Labrador has been peo-
pled by hardy and hard-working men—
fishermen, traders, Eskimos, and under
normal conditions it has been well sup-
plied and cared for by doctors and med-
icines.

It is characteristic of the influenza
that it has attacked most severely the
hardy and vigorous, and where proper
treatment and care were not immedi-
ately at hand fatalities have mounted high.
Neither the medical men on the ground,
nor the Newfoundland authorities, shut
off by winter, could cope with the dis-
ease in Labrador in its sudden and
widespread attack.

It is a matter of great regret that
these splendid people, almost within the
reach of help that might have saved
them, were trapped and laid low by a
disease whose inroads were least sus-
pected by a people living a wholesome
and vigorous life.

KOREA AND JAPAN.

It is not conceivable that Korea may
be able to gain her independence from
Japan by force of arms. On the other
hand, it is not conceivable that Korea
will ever be satisfied until the Japanese
"yoke" is thrown off. Since 1910,
Korea has considered herself fairly en-
slaved by Japan, but has had no oppor-
tunity to meet the situation with any-

thing stronger than verbal complaint.
Korea was a suzerainty of China un-
til 1895. In that year Korea won her
independence, only to find herself the
bone of contention between Russia and
Japan. At the conclusion of the war
between these two powers, in 1905, the
paramount interest of Japan in Korea
was acknowledged in the treaty between
Russia and Japan. In 1910, Japan an-
nexed Korea.

The annexation of Korea to Japan,
while done by treaty between the two,
was nevertheless a forced treaty, in the
view of the Koreans. Without army or
navy strength, with no coast fortifica-
tions to withstand attack, Korea felt
that she must submit to what seemed
a gross invasion of her national rights.
The plea that Japan had wrested her
from Russian exploitation, and was the
only nation of the Orient in position to
assure the safety of Korea, was added
to what appeared to be an outright de-
mand that Korea become a part of the
Japanese empire, and Korea came in.

If the reports of the uprising of the
Koreans in behalf of independence, and
the bloodshed of Koreans at the hands
of Japanese constabulary and soldiers,
are only half true, there is very serious
trouble in the making.

When Korea yielded to the diplomatic
pressure of Japan in 1910, and was an-
nexed without resistance, and without
appeal to the outside world, the com-
pact was passed over without interfer-
ence by any of the other powers. It is
doubtful that the appeal now will avail.
Korea is in a sad plight.

STILL AVAILABLE.

Count von Bernstorff has recently
emerged from that obscurity into which
he crawled when he returned home
from America, and he is now trying to
catch up with publicity by talking
wherever listeners are to be found.
One of his statements is:

"While I am aware of the so-called
German plots in the United States,
I must emphatically deny that they
were planned, engineered or financ-
ed from the ambassadorial offices
at Washington. There was never
any knowledge of them there until
after they had been committed."

The business of an ambassador is to
know what is going on in the country
to which he is accredited that affects
the interests of his own country. If
Von Bernstorff is honest and sincere,
then he was a very poor ambassador.
If he is lying, he may yet classify as a
diplomatist. Perhaps he wants to show
the Ebert government that when work
shows up in this line the Bernstorffian
talents are available.

If England's St. Helena would not
provide William Hohenzollern's best
rest cure, France's Devil's Island might
serve the purpose.

Nick Romanoff had Rasputin on his
hands, and now Old Nick Lenin, the
czar's successor, has that other seed
wart, Trotzky, on his hands.

After you hear all sides of it, if you
believe them, you will have to decide
that spontaneous combustion started
the war.

Now that we are feeding even Ger-
many we are paying still higher prices
for what we eat ourselves.

History repeats itself and the wind
shifts its course but remains wind.

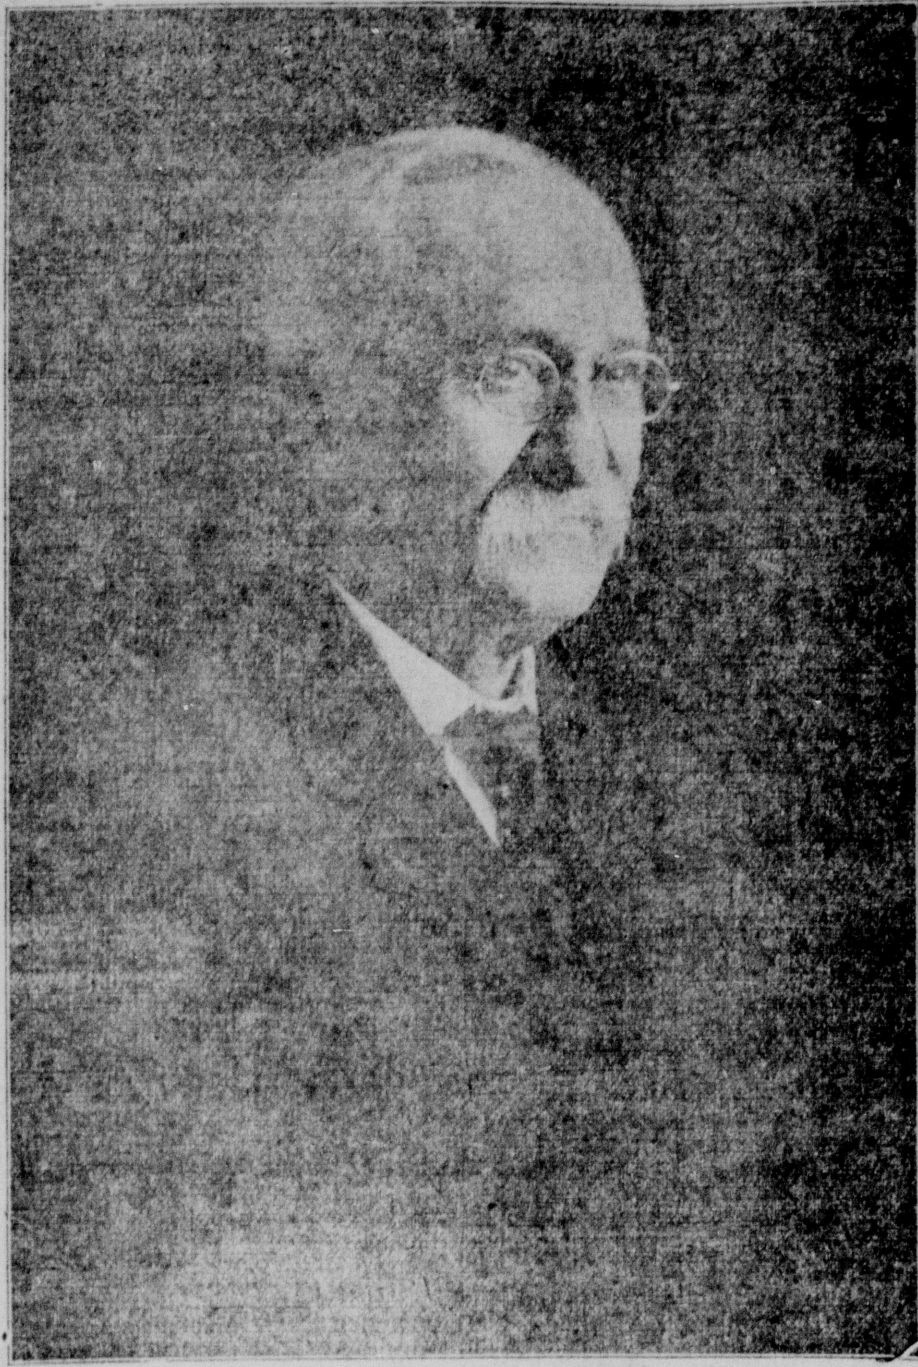

Praying for humility ought to be the
quickest way to reduce an exaggerated
ego.

Spring has reached a stage where
members of the family are expecting
mother to prescribe stewed rhubarb al-
most any day.

Had there been no armistice Foch
would have had peace established by
this time.

Most Germans are in favor of a
"made in Germany" justice.

Why Dixon Should Elect James W. Watts Mayor

JAMES W. WATTS, Candidate for Mayor

Dixon is entitled to the best government she is able to procure. Her business
interests, her industries, her citizenship demand such a solution of the present
problem.

Like other prosperous communities Dixon is just entering the reconstruction
period, years which promise the greatest growth and development in her history.
To Dixon is given her choice; years of positive activity, directed with skill,
foresight and ability; or years of lethargy, unguided, undirected and unavailing.

Well wishers of Dixon believe her choice will be the former; they have confi-
dence in Dixon.

This choice will be expressed, largely, at least, in Dixon's choice of Mayor.
Experience, adaptability and wisdom should be the three yard sticks of meas-
urement in sizing up available mayoralty timber. And as they are applied to the
candidate of James W. Watts they measure it up to a standard seldom set in any
Illinois municipality.

Mr. Watts started life, as the great percentage of successful careers are
started—with a struggle ahead.

He went to work with a will. The farm wasn't too good for him, and farm
labor offered him his opportunity. He saved his money and with that money he
started to rebuild.

Working by day and studying by night year after year he finally achieved
the first goal that he started out to reach—a diploma from the Law School of the
University of Michigan.

His career from that time on is familiar to Dixon people. Here in brief is
something of that record, a record untarnished:

President of the North Dixon School Board for fifteen consecutive years.
City Attorney of Dixon for two years.
Member of City Council for four years.

Since 1914 member of the Board of Law Examiners under appointment by the
Supreme Court of Illinois.

He has had experience as assessor and supervisor in Lee county.

This is the record back of James W. Watts' candidacy for Mayor.

Back of it is the rugged foundation of necessity and determination in producing
the EXPERIENCE which Dixon is so much in need RIGHT NOW!

It gives to Dixon a Man who KNOWS WHAT to do, and HOW to DO IT!

It gives to Dixon a Man who not only KNOWS HOW to ACT, but a Man
who THINKS before he ACTS!

It gives to Dixon a Man who KNOWS Dixon, and who KNOWS WHAT Dixon
NEEDS!

Above all, it gives to Dixon the Man that Dixon NEEDS, and the Man that
Dixon wants!

These are reasons why James W. Watts is the man who should be chosen
Mayor at the coming election.

Submitted by Committee of Citizens
who have Dixon's welfare at heart.

MRS. JOHN SLOGGETT
DIED THIS MORNING

(Special to The Telegraph)

Franklin Grove, Ill., April 8.—Mrs.
John Sloggett, whose home has been
between Franklin Grove and Ashton,
and who before her marriage lived in
Franklin Grove, passed away at the
Lincoln hospital, Rochelle, at 5 o'clock
this morning. Funeral services will be
held at the Franklin Grove Presbyter-
ian church at 2:30 o'clock Thursday
afternoon, with burial in the cemetery
at this place. Mrs. Sloggett, who was
a well known and beloved woman, is
survived by her husband and two
daughters, Ethel and Alma.

Mrs. A. E. Elliott and daughter,
Mrs. Curtis Rice, spent Saturday in
Sterling.

Tried Another Tone.
Little Grace was told to stay in un-
til it stopped raining, so she knelt
down and said: "Oh, Lord, please
make it stop raining." With implicit
faith that her prayer would be an-
swered, she put on her hat and coat,
but found it still raining, and said in
a much louder voice: "Say, Lord, shut
the water off up there."

The Lapps.
The Lapps, who have been settled
for centuries past in the northern
parts of the Scandinavian peninsula
and Russia, were originally nomads
subsisting on their reindeer herds, but
they are now settling among the in-
habitants of the country and becoming
"solid citizens."

AMUSEMENTS

ROBIN HOOD WAS
A MUSICAL TREAT

The people of Dixon were afforded a
genuine musical treat last evening at
the opera house by the DeKoven
Opera Co. in the production of Robin
Hood. It has been years since an or-
ganization of their standard has ap-
peared in the city. It was a metropol-
itan production in every sense of the
word and the cast was composed of
singers all well known in the musical
world, including Joseph Sheehar, Ed.
Andrew, James Stevens, George Shields
Alice May Corley, John McSweeney,
Katherine Galloway and Harriet Buck.
Every member of the cast was an ar-
tist and it is seldom that such a group
of singers is found in a traveling or-
ganization.

The chorus was exceptionally good
entered into the work with zest and
grace, and the costumes and scenery
were new and most pleasing. Taking
the production as a whole it was one
of the best operative performances ever
given in Dixon and Managers Rorer
and Eastman are deserving much cred-
it in securing the excellent company.

Hopeful.

"Cheer up," says a Georgia philoso-
pher. "High prices are sure to come
down some time or other, if only to see
the place where you buried what they
didn't get."—Atlanta Constitution.

HOT FIGHT IN
STERLING OVER
SUNDAY SHOWS

Proposal to Amend City
Ordinance is Being
Contested.

Interest in the majority contest between Commissioner J. P. Overholser and Attorney N. G. VanSant in Sterling is completely overshadowed by the fight which has developed over the proposal to amend the amusement ordinance of that city so Sunday picture shows can be conducted. The filing of a petition asking the amendment of the ordinance to permit Sunday shows resulted in the commissioners ordering the question put on the ballots to be voted at the city election next Tuesday. At once the churches of the city organized to fight the measure, and a big union meeting was held Sunday night at which time strong arguments against the proposal were presented.

Following this meeting a committee of merchants who circulated the petition, composed of H. H. Nill, C. G. Harrison, Joe Killian, R. E. Cushman, George D. Greenough, Earl Janvyn, Andrew Huber, Fred R. Fargo, F. H. Eberley and S. L. Dunbar, sponsored the following statement in last evening's issue of the Gazette:

"In Friday's issue of The Gazette over the signature of three local ministers the following charge of fraud and dishonesty was made against the ten business men who circulated the petition to have the Sunday amusement question submitted to the people for decision, April 15, 1919:

"It is not unreasonable to assume that many of the 377 petitioners who signed their names did not have the issue presented to them in an honest, open way. The method of procedure which has been followed will not appeal to men and women who appreciate what the lamented Roosevelt called 'The Square Deal.'"

"We do not want any person to be put in a false position by having his name on the petition if his signature was procured by misrepresentation, fraud or any other dishonest methods. Any person whose name was thus procured should vindicate himself at once. We want to know by whom these misrepresentations were made. Write out a statement of how the matter was presented to you other than in 'an open, honest way,' hand it to one of the undersigned, and we will give your name publicity in this space tomorrow night. If there is no foundation for this serious and semi-criminal charge against a number of our citizens they should be vindicated."

BABES NEAR INJURY
WHEN CAR RAN AWAY

The two small children of Mr. and Mrs. J. W. Smith of Polo were near a serious accident at about 5:30 o'clock yesterday afternoon when their parents' automobile, which had been left standing in front of the Kramer novelty store on Galena avenue, and in which the two babies were left with their grandmother while the parents were shopping, started down the hill toward the river. Mrs. Smith, the babies' grandmother, was in the rear seat with the younger of the two children, an infant, while alone in the front seat was a little girl not over three years old.

The brakes suddenly released their hold and the car started down hill toward the river, while the frantic grandmother, helpless in the back seat, yelled terrified. Her cries were heard for several blocks, and as a result many people rushed from stores in time to see the Smith car crash into J. P. Kennedy's truck, which stood in front of the

Gasoline War Will
Bring Lower Prices

By Associated Press Leased Wire
Louisville, Ky., April 8.—Reports received here from reliable sources say that in various places throughout the south a trade warfare between refining companies is bringing about drastic price reductions on gasoline. The situation is considered unusual, in view of the stabilized high prices in most parts of the north.

In Memphis, the ruling prices for gasoline, one report said, was 13 cents a gallon; in Chattanooga, 16 cents was generally quoted; in Knoxville, 18, New Orleans 19 and in Nashville 19 1/2 cents.

Kentucky consumers and especially those in Louisville, however, are especially watching for a reduction from 27 cents per gallon, the retail price for many months.

Methodists Plan Dry
Barrooms in Boston

By Associated Press Leased Wire
Boston, Mass., April 8.—Temperance barrooms, furnishing all the good elements of the saloon, minus intoxicating liquors, are planned for this city by the Methodist Centenary, according to Rev. Dr. J. O. Barthelme, executive secretary. In some cases liquor saloons will be purchased, he said today. He believed that the original bars might even be retained but only soft drinks and coffee would be handled.

Community houses and "poor men's clubs" also are to be established in connection with Methodist churches in the principal New England cities.

Staples, Moyer & Schumm new undertaking rooms. The sudden stopping of the auto threw the little girl in the front seat against the wind shield, causing a slight abrasion on her nose, but Mrs. Smith and the baby in the rear seat were not hurt. Aside from broken lamps, neither automobile was injured to any extent by the collision.

POSSESSION OF
BOOZE IN MICH.
IS NOW FELONY

Latest Law Prohibits
Sale or Shipment
of Intoxicants.

By Associated Press Leased Wire
Lansing, Mich., April 8.—Mere possession of liquor in Michigan now is a felony under the latest prohibition law, which state authorities characterize as the most drastic ever enacted by any state.

The statute, intended to remedy defects in former prohibition laws, prohibits sale, shipment, delivery or possession of any intoxicating liquor, and fixes the penalty at six months to two years imprisonment with a maximum fine of \$1000. The law does not apply to druggists and other specifically exempted.

The law supercedes measures passed after Michigan went into the "dry" column in 1917, and goes on the statute books just eleven months after prohibition became effective. In a contest resulting from confiscation by state authorities of a quantity of liquor, the Michigan supreme court declared invalid the search and seizure section of the Duman law. Then followed a near flood of liquor into Michigan from adjoining "wet" territory.

State authorities were powerless to stop the wholesale importations unless the liquor was in plain view as it crossed the border. Finally, by invoking federal aid under the Webb-Kenyon law forbidding importation of liquor into "dry" territory, and using the injunction to prevent railroads transporting liquor into the state the flood was checked.

Under the new law all property rights in liquor or in containers used in its connection and vehicles used to handle it are abolished. Search of person, containers, vehicles or buildings except private residences may be made on suspicion and without warrant. A man's home, however, is inviolate and may not be searched without warrant, which must be supported by sworn evidence. Vehicles and containers used in transporting liquor may be confiscated.

The law defines as intoxicating liquor any liquor which the dealer must pay a federal liquor dealer's tax to sell. Under this head toilet, medicinal and anti-septic preparations, flavoring extracts and patent and proprietary medicines may not be manufactured, sold, or possessed within the state, if coming under the head of articles requiring such tax.

F. W. WOOLWORTH,
FIVE-TEN CENT
STORE MAN, DIES

(Continued from Page 1.)

In various stores before a successful bargain counter sale gave him the idea of the possibilities of making substantial profits from nickel and dime purchases.

Made Success First Year
His idea when broached to his employers was termed visionary and he was advised to stick to the "old fashioned" plan of conducting a store. Nevertheless Woolworth was determined to test the plan and his first venture was at Utica in 1879. He had but \$50 in cash and gave his personal note for the goods. In a year he had paid off his debt and saved some money.

Closing out his store, he located at Lancaster, Pa., and established not only a store but the foundation of his fortune.

His rapid rise from a small "pigeon hole store" to the palatial Woolworth building in this city—with more than 800 branch stores in the United States, over sixty in Canada and England—forms one of the most interesting business romances in the history of the world. The business was incorporated several years ago for \$55,000,000.

In addition to being president of the firm of F. W. Woolworth and company, he was the director of a number of banks and business enterprises here. He maintained a residence on Fifth avenue noted for its rare paintings and country home at Glen Cove.

Poland is Badly in
Need of Foodstuffs

By Associated Press Leased Wire
Warsaw, Sunday, April 6.—(Delayed)—Before departing today for Paris, Dr. Vernon C. Kellogg, a member of the American food administration, who investigated the food and health problems in East Poland, said the situation there had improved, partly as a result of the receipt of American food shipments but that they were far from being solved.

"It will take a year to get Poland on her feet," Dr. Kellogg added. "There are at least 5,000,000 people who are worse off than were the Belgians, because they have been without any help whatsoever for four years. They are absolutely dependent on the allies for food, clothing and hospital supplies."

"I do not believe the allies have a more important task than to hasten all available assistance to Poland. We have shipped 80,000 tons of foodstuffs to Poland. But that is not enough we must send that much each month."

TROOP ARRIVALS.

By Associated Press Leased Wire
Newport News, Va., April 8.—The battleships Virginia and Rhode Island, which sailed from Brest March 26, docked and unloaded their 2,000 officers and men here this morning. Most of the troops are units of the 85th (Michigan and Wisconsin) division, with casual companies of Ohio, New York and Idaho contingents.

MONGOLIA IS NEAR

By Associated Press Leased Wire
Boston, April 8.—Radio communication with the transport Mongolia, coming here with the fourth contingent of the 26th Division, was established by the first naval district headquarters today. A message from the vessel said "no sick or wounded aboard, 171 passengers and officers, 4388 troops, one Y. M. C. A. worker."

12 U-Boats Sunk By
American Air Force

By Associated Press Leased Wire
Boston, April 8.—French records credit American naval air forces with having damaged and possibly destroyed twelve German submarines, according to Captain Thomas Craven, U. S. N., commander of all the United States naval forces in France, who returned on the U. S. S. Agamemnon.

His department took a more conservative view and considered the sinking of two and the damaging of eight of the enemy craft.

Captain Craven described the rapid growth of the U. S. air forces in France from nine small seaplanes to a great fleet operating from a port near Brest with more than 200 battle seaplanes of the best type.

Cuban Congress Will
Enact Labor Measures

By Associated Press Leased Wire
Havana, Monday, April 7.—The first session of the ninth congress opened today. It is figured the conservatives will have a majority of about 9 members. The senate continued with a small conservative majority.

The president, in his message to congress, called attention to the frequent labor troubles the country has experienced and expressed confidence that legislation would be adopted looking to the necessary reforms which the condition of the workers and the public peace and order demand.

War Department to
Combat Bolshevism

By Associated Press Leased Wire
New York, April 8.—The war department plans to send a mission of ten of the country's leading educators to Europe to combat the spread of Bolshevism in the army of occupation and to use the league of nations as an antidote for it, it was learned here today. The new commission will be designated the International Relations division of the Overseas Educational war work of the war department.

HOW TO BEAT

SPANISH INFLUENZA

Moisten Nasal Passages With
MEN-THO-EZE to Prevent Infection

HEALTH RULES
Most people are observing the usual precautionary measures of avoiding crowds, keeping away from coughing, sneezing people and maintaining well-ventilated rooms.

A further effective measure for avoiding Spanish Influenza is now recommended by the Secretary of the Board of Health of a middle western state.

This official declares that Spanish Influenza, La Grippe and other catarrhal ailments are caused by infection of the nasal passages. To avoid them it is necessary to keep the nasal membranes moist and pliable. "If our hands were covered with an oily substance they would not be chapped," says this secretary, "and it is the same way with the nasal passages."

MEN-THO-EZE should be applied to the nostrils at the first sign of a cold, or even before. The goose grease and turpentine in this remedy will coat the membranes against Influenza germs while the fumes from the wintergreen, peppermint and menthol will break any phlegm and keep the lung passages clear.

MEN-THO-EZE is valuable not only as an Influenza preventive, but as a remedy for colds and catarrhal troubles of all kinds.

In opal jars, 30 cents and 60 cents. Mtd. by "Men-To-Eze"—Fort Dodge, Ia.

After the expiration of 48 hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the city and publicly declare the same. The work for which said tenders are invited is for the construction of 6216.4 Cu. Yds. of excavation, 6330 linear feet of cement concrete curbing, 20 inches high, 6 in. wide at top, 8 in. wide at bottom, with foundation of gravel or crushed rock and sand filler 6 in. deep and 12 in. wide, 19871.14 sq. yds. of cement concrete pavement 5 in. thick at gutter, uniform 1/2 inch increasing to 7 in. thick at center, with asphalt joint filler, on 3 in. base of sand and gravel, 67 cement concrete driveways of 60 sq. feet each, 3 catch basins, as provided for in Local Improvement Ordinance No. 187, Series of 1919 of the City of Dixon, Illinois. Each bid for this improvement must be accompanied by a certified check or cash of an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash. Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been awarded and signed. The return of

such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$30,000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made on blanks which will be furnished by the City Clerk's office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon; bonds to draw interest at 5 per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to the Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 1st day of April, A. D. 1919.

Signed,

THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON,
By Mark C. Keller, Their Attorney. 77110

A GOOD WAY TO SAVE

"In times like these when economy is so essential, I know of no better way to save than to have the entire family shod with Neolin Soles," writes B. F. Williams, Rochester, N. Y.

In his letter Mr. Williams tells of a pair of Neolin-soled shoes which he has worn constantly for four months. "The soles still look like new," he says.

You, too, will think there is no better way to save, when once you have tried shoes with these long-wearing, comfortable, and waterproof soles. They come in many styles for every member of the family. And good repair shops carry Neolin Soles for resoling. They are made scientifically by the Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Strange as it may seem, children do get bored by uninteresting things, such as stupid auditorium exercises in which they have to sit still for an hour, and do get wearied by an excessive amount of time given over to directed play.—William H. Maxwell.

HOW TO GROW

ONIONS.

Onions may be grown either from sets or from seed. The greater part of the commercial onion crop is grown from seed, but the usual method of planting onions in the garden is by use of sets.

One quart of sets will plant 75 to 125 feet of row with the plants four inches apart in the row; this depends, however, upon the size of the sets. Onion sets should be placed in a small furrow, root-end downward, and covered to a depth of about 1 1/2 inches unless the soil is extremely heavy, in which case they should not be covered so deeply. Onion sets may be planted just as early in the spring as the ground can be cultivated. In all sections except in the extreme northern part of the country, where the weather becomes too cold, certain varieties may be planted in the autumn and given slight protection over winter.

In a very small garden the onion sets may be planted in a bed

SMALL RECEIPTS CAUSES CORN TO ADVANCE HIGHER

By Associated Press Leased Wire

Chicago, April 8.—Fresh advances took place today in the corn market largely as a result of continued scantiness of receipts. Bulls asserted that there would be less corn available in May than at present. The fact that the government crop report on winter wheat was extremely bearish seemed to have been discounted in full beforehand opening prices, which ranged from 1/2c lower to 1/4c advance, with May \$1.56 to \$1.56 1/2 and July \$1.48 to \$1.49 were followed by material gains all around.

Oats showed independent strength the decrease in the visible supply total tended plainly to lift values. After opening 1/4c off to 1/2c up, with May 67 1/2 to 68 1/2c, the market scored a decided general upturn.

Firmness characterized provisions. Traders received their cue from the rise of grain and hogs.

All deliveries ascended to the highest levels yet this season. Country offerings were not as heavy as of late. The market closed strong, 2 1/2 to 4 1/2c net higher, with May \$1.59 to \$1.59 1/2 and July \$1.52 to \$1.53 1/2.

Chicago Produce

Six Labor Leaders Taken to Prison

By Associated Press Leased Wire

Chicago, April 8.—Six labor leaders, convicted three years ago of conspiracy to extort money by means of strikes, were taken to prison at Joliet today. The men and their sentences are: Fred Mader and Charles Crowley, business agents of the Fixture Hangers' union—three years. Walter Staley and Hugo Hahn, business agents of the Glaziers' union—two years. Ray C. Stewart, business agent of the Wood Finishers' union—two years. Frank Curran, business agent of the Painters' union—one year. Eight others were fined. Their cases have been on appeals since the original conviction.

Two Great Chicago Banks May Be Merged

By Associated Press Leased Wire

Chicago, April 8.—According to the Chicago Daily News a merger of the Illinois Trust and Savings bank, the largest state bank west of New York, and the Merchants' Loan and Trust Co., the oldest bank in the city in approaching completion. The merger would create a \$250,000,000 institution and the institution would rank third among the city's depositories.

Granges Advocate 4 1/4 Rate on New Notes

By Associated Press Leased Wire

Washington, April 8.—Headquarters hereof the National Grange made public today in a letter addressed to Secretary Glass urging that the interest rate on the Victory liberty loan be fixed at 4 1/4 per cent. The letter said masters of the state granges and other representatives of farm interests were asking that the rate be no higher.

Butterbean Is Meal.

A meal for a whole family from one bean is possible now in California. The bean is called the Guinea butterbean, and one offered in the Los Angeles market was almost three feet long and nine inches in circumference. It is said to be excellent eating, similar to the eggplant.

2700 Troops Held on Vessel By Red Tape

By Associated Press Leased Wire

New York, April 8.—Twenty-seven hundred officers and soldiers, a majority of them Americans who fought under the British flag, remained on the steamer Mauretania at her pier here today because the American immigration authorities and the British military officials had not agreed as to the status of these troops 24 hours after the vessel reached port.

Think It Over.

Upon the basis that every grain of wheat will produce 50, a German mathematician has figured that the third-year progeny of a single grain would feed 300 men.

We are EXCLUSIVE AGENTS for these exquisite, economical Chinese Oil Finishes, because like everything else we sell, we KNOW they are the best value at any price.

We personally guarantee their high quality, use them in our own homes on Floors, Doors, Furniture, Woodwork, Walls, etc., and know how surprised and delighted you will be when you find how beautifully you can apply these WATERPROOF, SELF-LEVELING Chi-Namel Finishes without laps or brush marks.

Full directions are printed on each Chi-Namel package and we furnish beautiful Color Cards and interesting and instructive printed matter about each Chi-Namel Product.

Chi-Namel

Neither pounding, nailing nor piping hot water will affect Chi-Namel on floors, furniture or other woodwork. Remarkably brilliant because of the waterproof self-leveling Chinese Oil incorporated by our secret process. Chi-Namel finishes for hard or soft, old or new wood; are also the most economical because they cover one-third more surface than most other finishes.

VISIT THE NEAREST CHI-NAMEL STORE

(always the representative store in its locality) and learn of the many Chi-Namel finishes for everything in the home and the ease with which you can apply these self-leveling Chinese Oil finishes without laps or brush marks. It will be 5 minutes well spent.
